PRESS RELEASE: January 10, 2022

FROM THE LYON COUNTY COMMISSION

The Lyon County Commission received a report from Lyon County Public Health Office, Dr. Oyenuga, Newman Regional Hospital and the Flint Hills Community Health Center officials.

- Lyon County is experiencing a rise in weekly diagnosis of Covid 19 cases, from 80 to 300 since the Thanksgiving holiday including a spike in pediatric cases
- Newman Regional Hospital is currently at full capacity with Express Care volume tripling in recent weeks
- No Omicron diagnosed cases in Lyon County as of today's report

Lyon County Commissioners strongly suggest individuals take personal responsibility in:

- **Get vaccinated**
- **Wear a mask while in public settings**
- **Wash your hands**
- **Participate in 6-foot social distancing**
- **If you are sick, stay at home**
